

Stallions list of conditions for stallion tender.

Conditions for Poniewood Magnet This stallion is in SA

The service is given with the following conditions attached to it:

- * If grass is predictable ie usual spring rains in SA, there will be a \$5 agistment cost, to cover salts, vitamins and minerals and fibre to ensure the chance of colic is kept to an absolute minimum. If mare has special dietary requirements, eg, 'Happy Hooves', cost will be negotiated with owner of mare. If rains have not arrived, agistment cost will depend on cost and type of hay required. The mare would always be in the Service paddock or nearby yard which have pasture cover at all times.
- *If the mare is not known to the Stud, a vet check and swabs are required and must be clear before the mare comes to Poniewood.
- *Live Foal Guarantee. Handling fee and Agistment of \$10 per week applies from day one if mare returns.
- *The mare must be wormed with a broad spectrum wormer just before she arrives at Poniewood.
- *The mare can be hand or paddock served depending on the owner's wishes. MJ is extremely gentle to all mares.
- *Mares must come after the 1st September 2009 and before 20th December, 2009.
